

Attorney Docket No. 2003P01684WOUS

IN THE CLAIMS:

Please cancel Claims 1 - 9 and add new Claims 10 - 18 as follows:

AMENDMENTS TO THE CLAIMS:

1 - 9 (Canceled)

10. (New) A refrigeration device, comprising:
a collection device for condensed water, and
a vaporiser for said condensed water connected to said collection device.
11. (New) The refrigeration device according to claim 10, including said vaporizer disposed above a collecting tray.
12. (New) The refrigeration device according to claim 10, including an evaporator tray connected to said collection device, said evaporator tray heated by a compressor.
13. (New) The refrigeration device according to claim 11, including said collecting tray and said evaporator tray form a single unit.
14. (New) The refrigeration device according to claim 10, including said vaporiser having a vaporiser nozzle and a pump for pressing said condensed water through said vaporiser nozzle.
15. (New) The refrigeration device according to claim 14, including said pump having a linearly movable piston and a solenoid displaceable in a coil for linearly driving said piston.
16. (New) The refrigeration device according to claim 14 including said pump is driven by at least one of opening and closing a door of the refrigeration device.

17. (New) The refrigeration device according to claim 10, including said vaporizer formed by a high-frequency oscillator.
18. (New) The refrigeration device according to claim 10, including a sensor for detecting a collected quantity of said condensed water and a control device for operating said vaporizer when said collected quantity of said condensed water detected exceeds a predetermined limiting value.
